

# Energy Cybersecurity

When it comes to securing, monitoring, and testing key infrastructure in the energy sector, you need experts who specialize in Industrial Control Systems and distribution supply chains.

## Ransomware Is Designed To Halt Operations

### Protect Your Endpoints from Attack

Attackers constantly evolve their tactics to deliver ransomware to your endpoints.

To stay ahead of attackers, you need:

- Artificial Intelligence
- Machine learning
- Automation
- Human-led threat hunting
- Employee security awareness training
- And more...

Average cost of a data breach increased nearly

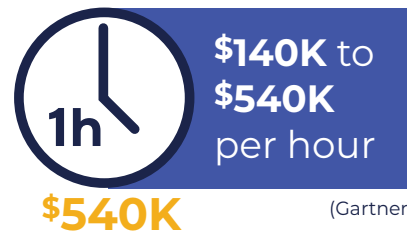

# 10%

**\$3.86 million** to **\$4.24 million** in 1 year

(IBM, Ponemon)

### AVERAGE DOWNTIME COSTS

from a Ransomware Attack

## View Your Network with the Eyes of an Attacker

Your networks will have vulnerabilities no matter how hard you try to secure them.

Simulated attacks help you:

- Identify vulnerabilities
- Validate security controls
- Work hand-in-hand with ethical hackers

# CISO

## Extended Detection and Response

- Around-the-clock security monitoring, response, and remediation for your environment
- Powered by our own US-based, 24x7x365 Security Operations Center, fully staffed with highly trained, certified security analysts

## Purple Team Exercises

- CISO Global's Security Testing (Red) Team attacks your network using the same tools hackers use.
- Your internal IT (Blue) Team defends against the attack.
- Our Red Team works with your Blue Team to identify gaps in your defense and supports real-time remediation to close them.

## About Us

A leader in cybersecurity and compliance services, CISO Global brings together expert practitioners and thought leaders to provide tailored solutions that drive cyber resilience. The company's top-tier talent spans geographies, specialties, industries, regulatory frameworks, and focus areas and includes auditors, compliance specialists, certified forensics experts, ethical hackers, IEEE®-certified biometric professionals, security engineers, and around-the-clock analysts.
