Warrantied Cyber Technology

Insurance covers unexpected events that lead to damage, while warranties cover events that are somewhat expected. **You will be the target of a cyber attack...it's not a question of IF. It's a question of WHEN.**

Investment-Grade Coverage from a Global Carrier

What is CHECKLIGHT®?

CHECKLIGHT® is a military-grade AI-based cyber technology combined with Insurance Underwriting to provide a powerful protection against cyber losses.

CHECKLIGHT® Warrantied Technology	Traditional Cybersecurity Insurance
Designed to help you stop the breach! If it fails to alert you of an attack, the warranty will cover the damages*	Not designed to stop the breach...insurance is “after the fact”
Easy to get, and relatively inexpensive	Difficult to obtain, and getting more expensive every year
No attestation required...just download CHECKLIGHT® onto your endpoint	Requires attestation of specific technical controls prior to qualifying for coverage
Suspect a data breach? Contact us and our forensics team will evaluate it immediately	Suspect a data breach? Some insurance companies will hire a forensics team to look for ways to deny you coverage

**See CHECKLIGHT® Software Subscription Service Agreement (SSSA) and CHECKLIGHT® Terms of Service documents.*
